Hello LAFCO Commissioners and Staff -

Regarding Item#6B, I'm writing to add my heartfelt commendation to Debra Means for her public service over the past years and to wish her the very best into the future.

Debra, together with former LAFCO Executive Director Pat McCormick, was incredibly helpful when I sought LAFCO's assistance five years ago as a novice local history researcher. That research resulted in a paper entitled "*Between the Gulches: The Twin Fates of Live Oak Cityhood and the Broadway-Brommer Road*", published in the [Museum of Art & History Journal Landscapes: Activism that Shaped Santa Cruz County 1955-2005](#). This paper relies heavily on information from LAFCO files, and I could not have progressed with my research without Debra's ongoing and knowledgeable assistance.

The LAFCO historic records database Debra championed will be a wonderfully valuable resource for our greater Santa Cruz County community through time.

Thank you so much, Debra. Your contributions and dedication to public service have been, and will be, very meaningful to the people of Santa Cruz County.
